### **Product notes**

Santander's Follow-on Rate, is a variable rate that tracks at 3.25% above the Bank of England base rate (currently 0.50%), giving a current rate payable of 3.75%.

### **General notes**

- Interest is calculated on a daily basis and charged monthly for all products
- Variable rate tracker products are subject to a minimum rate of 0.0001%
- Maximum loan size on mortgage products relates to the total borrowing required by the customer, not just the borrowing on an individual product
- Product fees are charged on some of our products. Where the fee has been added to the loan, the added fee will attract interest over the term of the mortgage. The customer can repay this by cheque within 14 days after completion without incurring any interest on the product fee.

### **Booking fee refund policy**

If the customer changes their mind after we have collected a product fee paid upfront, we would not refund it unless one of the following applies:

- We decline the application for any reason prior to the valuation being requested
- After the valuation has been completed our surveyor decides that the property would be inadequate security for Santander
- Our surveyor downvalues the property and the customer needs to select a different product.

### **Top up of an existing product**

Prior to completion, the maximum top up available is 10% of the original loan amount. The minimum is £1,000.

### **Early repayment charges (ERCs)**

Our ERCs are calculated as a percentage of the outstanding mortgage balance at the time of redemption. The level of charge will differ by the type of product and the product term.

All borrowers are able to make overpayments of up to 10% of their total outstanding fixed rate loan balance each calendar year without incurring an ERC. Unlimited overpayments can be made on all tracker rate loan balances without incurring an ERC. A minimum amount may apply.
