

Skipton Talks: A focus on First Time Buyers

It's Rachael's turn to answer the questions as Derek asks her to explore how we're working to address accessibility to home ownership for the next generation of home buyers. With Skipton aiming to help 10,000 First Time Buyers this year, we explain why this is a key focus and what we think our industry needs to do differently to help more First Time Buyers.

Live webinar on Thursday 28 July 9:30am - 10:00am.
