

Unveiling our new office space!

We've moved! We're thrilled to announce our new London office, which you can see in the video below!

This move marks an important milestone for APRIL International UK and represents our commitment to growth, innovation, and improved collaboration. The new space offers modern facilities, advanced technology, and a more comfortable working environment for our growing team.

Our new address is:

APRIL International UK

Walsingham House, 35 Seething Lane, London, EC3N 4AH, United Kingdom

We have also introduced two broker hubs to better support our partners when they visit London and need a comfortable place to work in-between client appointments.

Next steps

Please update your records with our new address and ensure that all client communications are directed to the correct new location.

Our contact numbers and email addresses remain the same, so you can reach us as usual.

We appreciate your continued support and look forward to welcoming you to our new office!
