

If your client sustains a bone fracture, it could have a devastating impact on their health, work and earnings

You can give them piece of mind with our **Fracture Cover**, a cash payout that helps meet the costs of the resulting bills, for just an additional £1 a week! Ideal if they're self-employed.

They can claim up to £3,000 in total each policy year, depending on the severity of the fracture:

- **Mild - £1,000**
- **Moderate - £2,000**
- **Major - £3,000**

This cover is an add-on and your client pays for it as part of the main policy.

To find out more about our **Fracture Cover**, please contact your BDM or visit: nationalfriendly.co.uk
