

**Cater for even more clients with Horizon Interest Reward's 25% interest-served option.**

Standard Life Home Finance have broadened their Horizon Interest Reward proposition by introducing a new lower interest-served tier, allowing customers to service just 25% of their interest over a set period in return for a discounted interest rate. This is in addition to their existing 50%, 75% and 100% interest-served options.

By servicing some or all of their interest, your clients can significantly reduce their total cost of borrowing and save themselves thousands in compound interest over the duration of their lifetime mortgage.

Hear from National Sales Manager, Sanjay Gadhia as he explains just how much your clients could save with their 25% interest-served option [here](#). Or

Plus, with Horizon Interest Reward's recent changes, your clients can also access a bigger **rate discount of up to 0.75% to** reduce their total cost of borrowing even further.
