

The platform for later life
lending professionals

Last week we hosted the final in our latest series of Masterclasses. To all who attended our events across the country, we would like to thank you for taking the time to join us and we hope you enjoyed learning about the impact that the comprehensive conversations movement and latest lender innovations can have on how you write business and service your clients.

Preparations are now underway for our [National Later Life Adviser Conference](#) - taking place on Thursday 13th June at the home of British Grand Prix, Silverstone.

We're looking forward to bringing industry, regulatory and thought leading experts together to share the latest insights across the market; supporting you to take pole position when it comes to enhancing customer-centric practices.

With limited spots available, sign up and secure your spot at our National Later Life Adviser Conference today.

Ahead of our Conference, watch our latest [Summit event on-demand here](#) to sample the types of conversations we'd love to have with you and our guest speakers on the day.

Kind Regards,
