Income Booster. It's a game changer!

For first time buyers and those with affordability challenges, it can feel like a losing game. The one they can't quite beat. But what if all they need is a little help from their friends...

Skipton's [Income Booster](#) (aka JBSP) lets your client add up to 3 additional applicants to their mortgage, which could allow them to borrow more than on their own - changing the game from no house to new house. **4 applicants. 4 incomes.**

And with Skipton's proposition, there's no restrictions around the relationship, so they can substitute friends for family, or neighbours, or colleagues, or anyone they like.

Listen to their latest podcast and learn how our Income Booster scheme (aka JBSP) could change the game for your clients.
