

Knowing what we want out of life drives how we live our day-to-day lives. But there are many psychological obstacles that can prevent clients from thinking about their future goals. By exploring the importance of setting future-focused goals, advisers can create a road map to help clients to get there.

Learn how to have better client conversations with HumanSense

A quick recap

- HumanSense is soft skills training based on behavioural psychology research.
- There are six modules in total, each worth one hour of CPD.
- You can complete the modules in any order, but we recommend starting with module one, Understanding client behaviour.

Complete each module in your own time and at your own pace.
