Lower inflation, higher rates?

An update from our Head of Product

With positive news that CPI dropped to 1.7%, how might this impact the Bank of England's upcoming base rate decision?

Join our Head of Product, Peter Stimson, as he shares the latest market sentiment, swap rate movements, and trends in mortgage pricing.

Looking to learn more from Peter? Watch our [latest episode](#) of Mortgage News Live, where he discusses Autumn Budget predictions with experts.
