

The purpose of my email today is to advise you that as of **20th November** we're launching a limited number of products into the standard residential marketplace at **95% LTV** to support first-time buyers and home movers. The two new products are available for loan sizes up to £500,000 and can be viewed [on our website](#).

Why the Marsden?

- **Quality products**

We have a range of products to meet your clients' needs and are happy to listen to your suggestions and take your feedback on board.

- **Expertise**

We understand that not all cases are straightforward, so we review each case on an individual basis, and our teams have access to key decision makers.

- **Personal touch**

From the moment your case is passed over, you'll have a dedicated underwriter to speak to when you have any questions or queries.

- **Communication**

Whether it's our Business Development Team, underwriters or Broker Support, it's easy to speak to us.
