

## YOUR MONTHLY ROUND UP

**We are thrilled to announce that Uinsure has been awarded a Defaqto 5 Star rating for our Home and Landlord insurance products for the eleventh consecutive year.**

The Defaqto 5 Star rating is important as you can offer your customers an excellent product with a comprehensive range of features and benefits. This means they can have confidence that they're protected with high cover limits should the unfortunate happen and they need to make a claim.

If you want to demonstrate this value and quality to your customers, you can use Uinsure's Defaqto Compare tool on our Adviser Platform.
