

Standard Life

An update from our Ambassador, Standard Life Home Finance

Our Ambassador, Standard Life Home Finance will no longer offer new lifetime mortgage products from July 6th 2025. As part of the change, they will be transitioning its Horizon and Horizon Interest Reward products to more2life, where you will be able to access the products via more2life's platform.

While new lifetime mortgage offerings will cease, full support for existing clients continues. The Horizon range will retain its name and features. Existing clients can still apply for further lending.

- Market-leading features like 8-year fixed ERCs and lifetime ERC exemptions
- Discounted interest rates with Horizon Interest Reward
- Fast average application-to-completion time of just 14 working days

You can still create KFI's on the Horizon products with Standard Life Home Finance, [visit Air Sourcing to get started.](#)
