

Top 10 reasons to choose Zurich for your menu plan solutions

Select up to six policies with one application

Protect one or two lives and create more tailored solutions by mixing and matching up to six different policies, all through one single, straightforward application.

Ongoing flexibility as life changes

Update the cover as your customers lives evolve, with milestone benefits, contractual changes and the ability to add and remove certain benefits such as children's cover and Zurich Accelerate.

One simple underwriting journey

Save time by answering just one set of underwriting questions, dealing with only one provider, and one set of requirements (such as GP report or medical exam).

Multi-policy fee discount

Receive a policy fee discount of £1.25 per month per policy, where two or more policies are taken out on one application.

Enhance policies with value added benefits

Protect your customers even further by selecting Zurich Accelerate or Multi-Fracture Cover.

Ease at point of claim

Deal with one claims team, aiming to make the process as smooth as possible when you need us most.

Separate cover start dates

Start each cover at different times to match your customers' needs. For example, begin Income Protection before Life Cover without affecting your multi-policy fee discount.

Support for annual reviews

Our annual statement acts as a helpful prompt for customers to review and update their cover as their needs change.

Ability to put policies into Trusts

Our online process enables policies to be placed into trust easily, ensuring that claim payments are made quickly and avoiding any probate delays.

Ease of administration

Efficiency of dealing with one provider, using one application with one underwriting journey, a simplified and flexible Direct Debit set-up process, one suitability report and one point of contact.
