

THE REFLECTION

Have you shown **why** income protection matters?

1 in 5 people know someone off work due to **long-term** illness or injury.

Have you seen **what** it can do?

In 2024 alone, we paid out **95.8%** of claims to Members. That's more than **£10 million** paid in benefit!

Have you remembered to **check in** with your clients?

It's vital that everything on your client's contract is **up to date** and **correct**.

WORK WITH US

Income protection can be the foundation which your clients can build financial security.

Make 2026 your year for **income protection**.
