

The Exeter 2025 Claim Stats

We paid 93% of new income protection claims and 95% of new life insurance claims made in 2025, paying out £14 million for income protection and over £5.2 million on life insurance and terminal illness claims to our members.

These payments highlight the real difference financial advice makes, ensuring your clients receive financial support during life's critical and unexpected moments.

Take a closer look at our claims stats below and see how we've made a difference.
