

Business Update

Straightforward solutions to complex cases

We take the time to understand your client's personal circumstances, as we know that not everyone's finances are simple. So whether they are self-employed, in an employment probation period, or they have a low credit score, we'll always look for a way to say 'yes'.

Product Update

Regulated Bridging now in Scotland and Northern Ireland!

We are very pleased to be expanding our bridging product into Northern Ireland and Scotland, where lender choice has traditionally been more limited. Our bridging loans start from £20,000, with up to 75% LTV in England and Wales and 70% LTV in Scotland and Northern Ireland.

New Product

New Packaging Service

Designed to reduce administrative workload, our new packaging service allows intermediaries to focus on supporting their clients and writing new business. Once you've provided the regulated advice, our underwriting team takes over, managing the application through to completion.

WITH OUR SERVICES:

- Full case visibility on our broker portal.
- AVMs done on the system.
- Given the right conditions, cases completed in less than 24 hours!
